What is Bit Coin and introduced to Bit coin

future of bit coin? Bitcoin is moving very fast, leaving behind all kinds of negative attitudes. People now want a new economic system In today's world of money laundering, inflation is on the rise, and people are dreaming of something new. Friedrich Hayek, who won the Nobel Prize in Economics in 1974, said in a 1994 speech, "I do not believe that we will have a better economy than before because everything is now in the hands of the government, we can create something that the government can never stop." Cryptocurrency is, as Friedrich Hayek had hoped, a cryptocurrency
