Path of Exile mobile game announced, why are veterans so looking forward to it?

At the POE Carnival event that attracted a lot of attention from players some time ago, GGG finally announced the relevant content of Version 4.0 of the Path of Exile and the upcoming version 3.9. Although it is said that version 4.0 of The Path of Exile, which represents the highest production level in the industry, is the most attention and expectation of players. The Path of Exile mobile game is about to meet with you. Once the news is announced, many old players are looking forward to it. If you don't want to be too hard, then you can accumulate POE Currency PS4 in various ways, including buying. POE producer Chris said in an interview with the press conference that the Path of Exile mobile game is currently in the research and development stage, so this mobile game is still unlimited possibilities, and the Path of Exile mobile game will still be by the original tour team The purpose of production research and development is to make the original Path of Exile on the mobile phone. According to the current official information and promotional videos, although it is a mobile game, it is also complete, and the screen operation is not complicated It can be said that it is quite hardcore. However, there are still many players who are worried that the Path of Exile mobile game will become a super simplified version of the PC terminal game, thus losing the playability of the game itself. In the promotional video exposed at the conference, the mobile game market is now so popular The Path of Exile, to gain good evaluation from players, must be optimized and simplified on the premise of inheriting the essence of the content of the end-games. So that the mobile game itself reaches a balance. I hope players can get a better experience in the process of when you buy POE Currency Xbox from PoECurrency.com. The Path of Exile mobile game has made many old players look forward to this. One very important and realistic reason is that in today's society, the pace of life is getting faster and faster and the pressure is getting heavier. Many players don't have much time and energy to spend on end games. For the old players who love "The Path of Exile" and have no conditions to play on the PC side, it is good news. Even office workers can turn on their phones anytime, anywhere, and brush up.
